*DIVISION OF MUNICIPAL ACCOUNTING*

Concord, New Hampshire

February 15, 1949

Board of Selectmen  
Winchester, New Hampshire

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Winchester which was made by this Division. This audit covered the fiscal year ended December 31, 1948. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Library Treasurer, Trustees of Trust Funds, Municipal Court, Overseer of the Poor and Water Department.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of un-

collected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records.

## GENERAL COMMENTS

### *Tax Accounts:*

In the report of our last audit it was noted that as of December 10, 1947, there were uncollected taxes on account of levy of 1946 and prior years amounting to \$2,951.43, and unredeemed taxes from tax sales on account of the levy of 1946 and prior years of \$454.82.

The situation, as of December 31, 1948, was as follows:

	<i>Uncollected Taxes</i>	<i>Unredeemed Taxes</i>
Levy of 1947 .....	\$ 152.98	\$ 313.59
Levy of 1946 .....	178.26	92.01
Levy of 1945 .....	325.80	118.34
Levy of 1944 .....	283.48	24.69
Levy of 1943 .....	95.93	6.31
Levy of 1942 .....	110.58	10.53
Levy of 1941 .....	91.21	41.14
	<hr/>	<hr/>
Total .....	\$ 1,238.24	\$ 606.61

Although considerable progress was made during 1948 in the matter of reducing the amount of uncollected taxes of prior years, through collections and abatements, a further examination of the lists should be made by the Selectmen and Tax Collector. Any taxes remaining thereon which are uncollectible should be removed by abatements.

It is also again recommended that tax deeds be given to the town by the Collector in all cases where taxes are unredeemed from sales on account of the levy of 1945 and previous years.

The Tax Collector has adopted the recommendations made in our previous report which has resulted in greatly improved records and accounting procedure.

### *Appropriation Overdrafts:*

As indicated by Exhibit A-3, Comparative Statement of Appropriations and Expenditures, total appropriation overdrafts amounted to \$14,960.67, unexpended balances of appropriations \$5,643.35, making a net overdraft of appropriations of \$9,317.32. More than \$10,000.00 of the total overdrafts were on account of highway expenditures.

The budget committee and board of selectmen, acting under the provisions of the municipal budget act, under date of November 26, 1948, made application and was granted authority by the tax commission to exceed certain appropriations by overdraft expenditures. It is recommended, however, that careful attention be given to the preparation of future budgets with the idea in mind that appropriations should be sufficient to meet necessary requirements and strictly adhered to thereafter.

Recurring budget deficits caused by appropriation overdrafts can seriously affect the financial condition of the town.

*Conclusion:*

The accounts of all town officials which we examined were found in good condition and the accounting procedure conformed to the uniform methods prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Winchester for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director.  
Division of Municipal Accounting,  
State Tax Division.

Herbert E. Hunt, Auditor.  
Kenneth L. Cowan, Accountant.

This is an increase of 386 over that of 1947.

375 new books were purchased during the year. The Pictorial History of the Second World War, a 4-volume set, was given to the Library by the Veterans of Foreign Wars—Winchester Post No. 3968.

Hobbies, Seventeen and Coronet were added to our Magazine Section this year. This makes a total of 43 magazines available to the public.

The week of May 17-22, I attended the Library Institute at Brattleboro, Vt., conducted by the Extension Division of the New Hampshire State Library and the Vermont Free Library Commission. The Subjects presented were Reference, Book Selection and Children's Literature.

During Children's Book Week, Nov. 14-20, there were two exhibits of books in the Children's Reading Room. One exhibit was entitled, "The World in Storybooks". Books containing stories of various parts of the world were displayed. The other exhibit was entirely of new books for ages 4-16.

Jan. 15th—The third and last Triple Immunization clinic was held at the Community House under the direction of Miss Elizabeth Carriel. One hundred and six children received treatment at this time, and 32 who were unable to complete the series at this time were later innoculated at the offices of Dr. Louvane Fox, and Dr. Ludwig Mendelson. Appreciation is here expressed for the generous and efficient personnel who helped make this clinic a success.

Jan. 22nd—Mrs. Gladyce Burnelle, Keene School Nurse demonstrated the new Mass. Vision Testing machine, which was used for the first time in the local schools in February. This machine was purchased by the District Nursing Association, and has been of invaluable aid in vision testing. It requires more time per pupil; but exposes defects which would ordinarily elude detection.

In February the School Board purchased a set of bathroom scales which has greatly facilitated the weighing of pupils; and gave permission for use of the empty classroom in Ashuelot for the monthly well-child clinics held the last Wednesday of the month. Similar clinics are held at the nurse's office every Thursday.

May 26th—Dr. Lura Oak Bruce, State Director of child health services visited and examined eight children who were either physically handicapped, or need adjustment socially.

Sept. 22nd, and Nov. 4th—Physical examinations were completed by Dr. Fox, and Dr. Mendelson. Four hundred and forty-four pupils were seen, and notice of all defects was sent home to parents.

This Fall the new Puretone Audiometer, purchased by the School District was used for the first time. This has the advantage of being easily accessible, and more accurate than group testing, done previously.

Contact has been made with Mrs. Mildred Aiken who works with Dr. Kerr at the T. B. Clinic, in the hope that we may be able to have the Patch Test done in school this Spring, as a health and preventive measure.

Sept. 24th, Oct 26th, Nov. 19th,—Assisted Hinsdale District Nurse with Triple Immunization Clinic.

### Meetings Attended

Mar. 10th,—Annual meeting of State Nurse's Association. Address by Miss Thelma Laird, R. N., B. A., and B. N., on the new Economic Security Program for Nurses, being sponsored nationally. Nurses have approved this plan in preference to organized unions, as a way to meet the increased cost of living.

Apr. 2nd,—Attended the afternoon session of the Teacher's Institute, held at Keene. Mr. Robinson of the Maico Audiometer Co. demonstrated the Puretone mentioned previously.

Apr. 28th,—Monthly meeting of Public Health Nurses at Concord. Dr. Colby, State Director of communicable disease control, and Mr. Jensen, x-ray technician, spoke at length of the new Mobile Unit for state survey. The plan, which will take some time to execute, is to x-ray every person in N. H. free of charge. This is one of the greatest preventive measures yet taken to find and segregate all cases of presumptive T. B. Dr. Wheeler, State Health Officer, spoke on the control and psychology of cancer, and Mr. Eckloff of the State Water Commission explained recent legislation on surface waters, and its relation to health.

Sept. 1, 2, 3,—Attended the nurse Workshop conducted by Dr. Bruce at Keene Teachers' College. This consisted of several intensive sessions of lecture, demonstration and discussion relative to school nursing.

Sept. 8th,—Nurses' quarterly meeting in Nashua. Mr. Carl Camp, supervisor of Services to the Blind gave the address and demonstrated equipment used in this service.

Oct. 14th,—Meeting called by Gov. Dale on alcoholism. Addresses were given by Doctors, Social Service workers and lawyers on different aspects of the problem as it affects the community and Public Health workers.

Oct. 22nd,—Attended one day's session of the State Teachers' Association, School Nurses division. Great emphasis was placed on the Ethics of nursing which do not allow the nurse to prescribe or diagnose, except under standing orders or to a reasonable extent in giving first aid.

Sept. to Jan.,—The nurse completed an evening course in Sociology at Greenfield Mass. given by John Manfredi of Mass. University. This has proven to be practical as well as carrying two college credits.

The nurse feels deeply indebted to the many individuals and organizations who have contributed so generously to the general health program. Eleven children have been tested and fitted to glasses by the combined efforts of Kiwanis, Legion, and Salvation Army. One child was hospitalized by the Rotary Club of Keene; and has received additional care and treatment from private donations and Auxiliary aid. New shoes, mittens, and other necessary clothing have been furnished for fifteen needy children by the Legion, Red Cross, and Salvation Army. The Nursing Council authorized emergency expenses for medicine, medical supplies and eye patches at various times. Several undernourished children were served free hot lunches at school, and transportation arranged for them upon recommendation of their family physician.

At Christmas the splendid spirit of many Clubs and private citizens made possible a well integrated program for all known underprivileged children. The Boy Scouts, under the direction of Mr. Fred Gately, prepared and wrapped a great many toys. New toys were donated by Mr. Clarence Walker and The News Shop. Candy was contributed by the Women's Club. Money from Kiwanis was used to purchase three large boxes of food and fruit. The Salvation Army, through Mr. Tarbell visited nine families with food and clothing. In all, about 60 children benefited.

I should like at this time also, to express my appreciation to the Council, Mr. Chester Lees, Supt. of Schools, the School Board, and all others who have co-operated with and encouraged me throughout the year.

Respectfully submitted,

VERA MARTIN, R. N.

# Forest Warden's Report

To the Board of Selectmen:

The successful control of brush and woods fires is highly dependent upon the cooperation of all townspeople in the prevention of these fires. To the end of enlisting this help, many wardens have asked us to assist them in preparing a brief statement which could be printed in the forthcoming annual town reports. This statement appears below and your cooperation in seeing to its publication will be highly helpful.

JOHN H. FOSTER,

State Forester.

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to

have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows :

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

# Playground Directors' Report

To the Town of Winchester:

I hereby submit report of the summer playground project for the year 1948.

The program was held for a period of nine weeks from the last of June until the last of August. The morning session was for boys from age 9 - 16. The afternoon session for girls of the same age.

The Community Center was used every morning by a smaller group ranging from age 4 to 9 under the splendid direction of Miss Dorothy Tacy. Miss Tacy also directed the older group of girls in the afternoon session.

Over 180 children were registered and many of them reported regularly.

Philip Hyde, Jr., was added to the staff as an assistant and did a fine job. He worked with the older boys and assisted Miss Tacy in the afternoon along with general upkeep of the grounds.

The boys and girls had opportunity to take part and receive instruction in activities such as volleyball, softball, basketball, boxing, baseball, field events, swimming, and archery.

Several baseball and softball games were played with out-of-town teams.

Outings were made to Laurel Lake and Forest Lake. The boys made the trip to Boston to see a big league baseball game.

One of the feature activities enjoyed by the children was the taking part in the program on Murphy Day. This included games, contests, parades, etc.

This supervised recreation program has done a great deal for the youngsters and should be given a permanent place in our town curriculum.

We wish to express our appreciation to the townspeople for their interest and help in making the program a success.

Respectfully submitted,

P. C. McNAMARA.

## Water Commissioners' Report

Construction of the Municipal Water System as authorized at the Town Meeting of 1947 was started April 19, 1948. Continuous progress was made up to late fall, with the exception of delays during the early part of the spring due to unusual heavy rains, which also caused delay in building the concrete reservoir. While delay in pipe delivery caused suspension of work about the first of November, we were able to resume operations about the middle of December, at which time all pipe necessary to complete the system had been received, however due to winter weather it was necessary to cease work the later part of December until spring.

The legal procedure which caused such a long delay in starting construction, continues to be a major item in increasing the cost of the system, the fact that we were not able to make any move to obtain pipe for a period of six months has in a great part contributed to the increase of approximately \$9,100. in the cost of pipe.

As the East side of the river had been completed with the exception of a short distance on the lower end of Main St., the reservoir completed sufficiently to be placed in use, and all pumping equipment ready for use, the Commissioners deemed it advisable to service this section of the town. After necessary tests of the mains, and the chlorination of all mains to be put in use, we were ready to service all homes or business establishments which had signified their intentions of taking water. The first services were turned on November 15. There are 159 connections serving 210 families or business establishments as of this date. The services on the lower end of Main St.,

the west side of the river and Ashuelot will be in operation as soon as the rest of the system is completed, which should be about 6 weeks after operations are resumed. There are 105 connections to be serviced on this part of the system, which will serve 127 families or business establishments. The total connections on completion will be 264, serving 337 families or business establishments, this according to contracts received at this date.

We wish to call your attention to the Pumping Station and invite you to inspect this modern, and one of the best equipped pumping stations for towns similar to ours in the State.

We do not believe it is necessary to elaborate on the quality of the water, as those who are now enjoying water from the system have been very well pleased with the softness and purity of the water. The State Board of Health gives a very high rating in all of their tests.

The Commissioners were saddened by the sudden passing of Arthur E. Handy, who had given his time freely to the work of the Committee. His interest in this project and of serving the interest of his fellow citizens will be remembered long after the Municipal Water System is taken as a matter of course.

As the system draws to completion, the Commissioners wish to take this opportunity to extend their appreciation to all those who have realized that a project of this type must of necessity cause some personal inconvenience, and who realize that the benefits to be derived will outweigh the temporary inconveniences which they have endured.

Respectfully submitted,

BOARD OF WATER COMMISSIONERS,

CLARENCE S. WALKER,  
GEORGE R. FOSDICK, Sr.  
FRED L. DETOUR,  
FRANKLIN P. KELLOM.

# Annual Report of the SUPERINTENDENT OF SCHOOLS

*To the School Board and Citizens of Winchester*

I have the honor to submit my second annual report.

*Teachers:* The opening of schools in September saw three changes in the high school faculty. Upon the resignation of Mr. Stanley M. Daggett, Mrs. Geraldine D. Dickinson was elected to the Mathematics and Science position. Mr. Daggett resigned to continue his studies toward completion of the requirements for the Master's degree. Miss Barbara Parnell was elected to fill the vacancy in Social Studies caused by the resignation of Miss Lucille A. Boodey. Miss Parnell resigned early in the fall because of ill health and was succeeded by Mrs. Elsie Major of Hinsdale.

Miss Mary Brown left us to further her studies, leaving a vacancy in the Home Economics Department. This position was filled by the election of Miss Marie McDonnell, a graduate of the University of New Hampshire. Mrs. Marion Dunn Tacy resigned late in October from her position of teacher of the primary grades in Ashuelot. Mrs. Hazel Rubeor of Hinsdale was elected to take her place.

This year has witnessed a noteworthy change in the music department of the Winchester schools. Upon the resignation of Miss Margaret A. Meath, the school board voted to discontinue the practice of engaging the services of a part-time music instructor. Heretofore, her work was spread over the three towns of Winchester, Swanzey and Richmond. It was decided that Winchester could support a full time music supervisor, thereby making it possible to offer instrumental instruction toward the formation of a high school band. Miss Elizabeth Townley of Ithaca, New York, was elected to this new position. Miss Townley is a graduate of the Eastman School of Music, a division of the University of Rochester.

*Buildings and Grounds:* During the summer, Mr. William Hyde and Mr. Clifford Monroe constructed a teachers' room in the basement of the Center School. This has filled a long felt need and provides the teachers with accommodations which were lacking. The two janitors also built a storage room for hot lunch supplies in the basement of the Center School. Both of these projects were major construction jobs and Mr. Hyde and Mr. Monroe deserve great credit for their excellent work.

Tankless hot water heaters were installed in the Center School and in the Thayer High School, thereby insuring continuous hot water in each building while the furnaces are in operation. Plenty of hot water is now a

available for the hot lunch programs, for the teachers' rooms and for the needs of the pupils. A hot water heater was installed at the Ashuelot School to supply the hot lunch room there.

A new outside door at each end of Thayer High School has replaced the old, badly worn doors opening into the basement corridor. A similar replacement was made in the rear entrance to the basement at Center School.

Thayer High School has had pipe laid for the town water supply. Similar connections will be made for the Center and Ashuelot Schools in the spring.

In addition to the above, the janitors in all schools did the usual summer cleaning and painting, made the necessary repairs and, in general, provided the services for excellent maintenance of the three schools.

*Hot Lunch Program:* The hot lunch program in Winchester continues to function most efficiently. This is due in no small part to the continued high level of interest maintained in these projects by Mrs. Guy Johnson.

Thayer High School now operates on a single session basis. Because of this, more high school pupils are availing themselves of the facilities of the hot lunch program this year. The lunch hour has now been divided into shifts to accommodate this increased number.

Mrs. Ruth Coffin and her corps of cooks and assistants are to be commended for their excellent work in keeping the lunch programs up to their present high standard.

*Instructional Activities:* The teachers of Winchester attended a Workshop in Education held in Keene during the week of January 3-7. The elementary school teachers met at Keene Teachers' college. Their work was done in the Social Studies field under the guidance of Dr. Gertrude M. Lewis of the State Department of Education. The high school teachers met at Keene High School and worked on problems concerning Life Adjustment Education for American Youth. A great deal of value was derived from the workshops which should make itself apparent in the months ahead.

There are four teachers of the Center School staff who are at present studying at Keene Teachers' College. The courses they are pursuing are in the fields of Guidance and Arts and Crafts. That our teachers are willing to take the time for and do the work in connection with these courses is most commendable.

The fundamentals are being stressed again this year as they were last year. Standard tests in Arithmetic Reasoning, Arithmetic Computation and in Spelling have been given to all elementary school pupils in Union No. 25, comprising the towns of Winchester, Hinsdale, Swansey and Richmond. It

is our humble opinion that reading, writing and arithmetic are still important tools of learning and should be treated accordingly.

*Miscellaneous:* A new Bioscope was purchased for Thayer High School. This enables slides to be projected on the wall of a room thereby making it possible for a whole class to see the enlargement at once. With the ordinary microscope, only one pupil at a time can see the magnified image. It is much easier for the instructor to point out in the image just what he wishes the class to look for.

As recommended in last year's report, the combined school boards of Union No. 25 voted to purchase an audiometer for the four towns. A pure-tone Maico audiometer was bought and has already been used to great advantage. Since the District Nurse Association provides the schools with the use of the Massachusetts Vision Testing machine, our pupils can now be adequately tested for sight and hearing deficiencies.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, to the School Board and to the patrons of our schools for their cooperation.

Respectfully submitted,

CHESTER C. LEES,

*Superintendent of Schools.*

## REPORT OF WINCHESTER SCHOOL LUNCH PROJECTS

In 1947, we were able to install kitchens and provide dining areas for Thayer and Ashuelot Schools in addition to lunch facilities which have been operating at Center School since 1945. The pupils at Thayer High School eat at tables set up in basement corridors which is far from ideal. The voters must be aware of the crowding there and in all our classrooms and look to some sort of additional classroom space in the near future.

However, the kitchens are quite adequate and we have added several more needed items of equipment. A Type A complete lunch is served each school day to every pupil who wants it for twenty cents. In December, 1948, an average of 357 meals were served daily.

Again we wish to thank the teachers, janitors, clubs and parents who have given us help and cooperation in so many ways. Our State Supervisor of School Lunches stresses that hot school lunches should be community projects. We solicit the continued help from all, and cordially invite you to visit any of these projects.

The following is the financial report for Winchester School Lunch Pro-

jects, including Thayer, Center and Ashuelot Schools, for the year July 1, 1947, to June 30, 1948.

#### *Receipts*

Cash on hand, June 30, 1948 .....	<hr/> \$ 713.16

Through careful planning by our efficient lunch manager, Mrs. Ruth Coffin, through receipt of U. S. D. A. commodities, and larger participation in the program, we were able to make a very small profit which we have put back into the project in food supplies and needed equipment. The stove at Center School completely gave out and has been replaced with a large restaurant type gas range.

ELSIE P. JOHNSON,

for the School Board.

HERBERT A. TAYLOR, DONALD C. MANNING, Auditors

I hereby submit the annual Headmaster's report to the Superintendent of Schools.

Enrollment for the school year 1948-1949 is as follows:

Seniors .....	16
Juniors .....	28
Sophomores .....	32
Freshmen .....	29
<hr/>	
Total .....	105
Junior High .....	86
<hr/>	
Total .....	191

Several changes in the faculty were made during the summer. Miss Barbara Parnell of the College of Our Lady of The Elms, replaced Miss Lucille Boodey in Social Science; Mrs. Geraldine Dickinson replaced Mr. Stanley Daggett in Mathematics; Miss Marie McDonnell of the University of New Hampshire, replaced Miss Mary Brown in Domestic Arts; and Miss Elizabeth Townley of University of Rochester took over the supervision and teaching of Music in the town of Winchester. She replaced Miss Margaret Meath who formerly supervised the music in the entire school union. Miss Parnell was forced to give up her work in the early fall because of health, and Mrs. Elsie Major took over the work in Social Science.

Since the music teacher can confine her work to the town, much more is being done along musical lines, especially in the high school. One of the main projects this year is the reorganization of a school band, an organization that lapsed during the war years when instruction could not be secured.

This fall, with the start of the lunch program, a change was made in the time schedule so as to provide two twenty-five minute lunch periods. By this arrangement all pupils are now accommodated for lunch in the basement. In addition, the longer noon hour, which had been largely wasted time during the winter months, is no longer a problem.

The teachers of this district together with those from surrounding towns took part in a discussion group project in Keene during the first week in January. This was a state supervised program.

In order to meet the state regulation of 180 net school days, the school year has been lengthened to 37 weeks.

As a matter of record the program offered by the graduating class of 1948 is given in part.

The general topic selected this year was "Graduates of 1948 Look Ahead." The speakers on this subject were Francis Gutoski, Joan Wasileski, Virginia Willard, June Kiley, Chester Seroka, Shirley Coffin, and Helen Fassett.
